92.2%

2016

### TAGORE ACADEMY

ICSE, 10th Board

90.2%

2014

## EXPERIENCE

### INDIAN CYBER SECURITY SOLUTIONS

Trainee

-  
MACHINE LEARNING TRAINEE

### PUCHO TECHNOLOGY PRIVATE LIMITED

Deep Learning Intern

-  
Implementation of various Deep learning algorithm in order to provide real world solution

## TECHNICAL SKILLS

Data Structure and Algorithm

Java

Machine Learning

Deep learning

Data analysis

Competitive programming

SQL

HTML/CSS

## PROJECTS

### Google app review system

<https://github.com/shubham897/google-app-review-system>

It was created to select the best app and the worst app using the Google review system. It is basically a Data analysis project.

### Movie recommender system

It is a recommender system which is used to recommend the movie based on the rating and the user liking the genre of the movie using Corr with function. Git hub account:- <https://github.com/shubham897>

### Artificial Chatbot

<https://github.com/shubham897/Artificial-chatbot>

In this project I have created a chatbot using deep learning , tensorflow and also artificial intelligence. The chatbot conversation skills are highly enhanced because of using deep learning and neural network. The chatbot is ready to have a conversation with you.

**INTERNSHIP/TRAINEE**

PUCHO TECHNOLOGY PRIVATE LIMITED Deep learning intern DURATION:- 3 months  
INDIAN CYBER SECURITY SOLUTIONS COURSE - Machine learning using python Duration - 1 month
